Topics Discussed: Finalization of functional and non-functional requirements and user scenarios

Decisions Made:

In this meeting the functional and non-functional requirements were finalized, up to now. We also discussed the user scenarios in which we ended up having almost 4 and how they would be divided among the group members.

We also went over some code to review it and fix potential issues and bugs, especially regarding the back-end and its integration with the front-end.

This week we will be working on the extension of user-scenarios and use-case tables.

Tasks Assigned:
